CRANS-MONTANA

A Paradigm Shift in Swiss alpine Escapes

Set high against the pristine slopes of the Swiss Alps, Ultima Crans-Montana commands sweeping mountain vistas and blends seamlessly with its idyllic alpine surroundings, offering you a luxurious winter retreat just moments from the snow.

An exclusive Wellness and Ski Retreat in the Swiss Alps

Set on a secluded mountain plateau in the Swiss Alps, Ultima Crans-Montana is a ski-in, ski-out sanctuary that captures the essence of Swiss mountain living.

While nestled beside a serene natural lake and a stunning outdoor pool on the outside, a treasure trove of indulgence awaits on the inside — from a sprawling 1,000 m² spa and private cinema to a billiards room, cigar lounge, and state-of-the-art games room.

Enjoy complete privacy for up to 38 guests and spend your days relishing time together while skiing directly from your door onto pristine slopes, then return for après-ski by the fire or a swim in the crystal-clear pool that mirrors the mountains beyond. Throughout your stay, our dedicated, family-like team will ensure every moment is effortless, while you savour exceptional dining with panoramic views of snow-capped peaks.

Unrivalled Accommodation

Designed for multi-generational families or groups of friends, Ultima Crans-Montana combines one magnificent 10-bedroom chalet with an adjoining six-bedroom chalet, enabling you to experience the very best of this illustrious Alpine destination.

For complete privacy, the 3,850m² Master Chalet spans four floors and features eight master suites - each with its own en-suite bathroom and private balcony - and two charming children's dormitories, accommodating up to ten younger guests. Moments are crafted for both togetherness and solitude: linger in the spacious living room, challenge friends in the billiard room, or unwind in the arcade games room and cigar lounge. An office and private elevator ensure every comfort is within easy reach.

Seamlessly connected, the 820m² Guest Chalet offers six additional suites, its own kitchen, library, and dining room, perfect for hosting your extended family or friends.

Wellness

With its yacht-inspired teak floors and gleaming marble walls, the spa at Ultima Crans-Montana is an alpine sanctuary of exceptional indulgence. Spanning 1,000m², it features a sauna, a steam room with stone seating, a gym and three treatment rooms, as well as changing rooms, a snow shower and direct access to the heated outdoor pool.

Whether you begin the day with a refreshing dawn swim or restore after a day on the slopes, this is your personal haven for elevated wellness. Our dedicated team is on hand to guide you on your wellbeing journey, from organising one-on-one training sessions to crafting a series of treatments by Augustinus Bader or Seed to Skin Tuscany.

Taste the Extraordinary

With a dedicated private chef at your service, you will indulge in bespoke culinary moments served wherever you desire – whether beside the snow-dusted pool, under crisp alpine skies, or at an elegantly dressed table indoors. From rustic Swiss mountain specialties that warm winter evenings to our artfully plated breakfasts and indulgent seasonal feasts, every dish is thoughtfully prepared using the finest local ingredients. Expect cuisine that blends comfort and creativity, crafted to complement both the setting and the season.

From Doorstep to Downhill

Tucked away from the spotlight, Crans-Montana blends timeless Swiss charm with contemporary sophistication, offering some of the region's finest skiing, dining, and shopping - all enveloped in the hush of a truly private alpine escape.

With direct ski-in and ski-out access, the slopes are yours to enjoy from the moment you step outside Ultima Crans-Montana. For those discovering skiing for the first time, personalised lessons will have you gliding into the mountains with confidence.
