Wine Tasting

From CHF 15.- / person

Description

With many years of experience in vineyard work and winemaking, our winemakers are familiar with the different terroirs of Valais, know which cultivation methods are best suited to each, and are experts in caring for the many grape varieties grown in our region.

Without high-quality grapes, there can be no exceptional wine! It is all their experience, sensitivity, and respect for the terroir that is passed on and that we can taste!

Thus, our winemakers and their teams remain committed to tradition. However, tradition must not stifle innovation!

Experimenting with new winemaking techniques and bringing out the full potential of each grape variety to create prestigious wines are the challenges we face today!
